New Unemployment Insurance Tax Online Filing System: My Iowa UI

Des Moines, IA – Iowa’s Unemployment Insurance Tax Bureau is getting a new online filing system, called My Iowa UI. My Iowa UI gives employers, accountants and other 3rd party filers the power to manage their tax account securely and conveniently. The development of My Iowa UI was based in part on feedback we have received from staff, employers, and other 3rd party filers. This new system will improve on the functionality of the Unemployment Insurance Tax System and replace a system that is approaching 40 years of age.

A series of presentations will be held to help explain the differences in My Iowa UI. The seminars will provide the opportunity to see actual screens of the system prior to the system roll out. It will also show the important functions available to users and allow time for a question & answer session.
